Eaton Pratibha Awards

Pratibha – the Eaton Excellence Award

Encouraging Multifaceted Women Engineers

About the Scholarship

Recognizing All-round Talent in Women

At Eaton, we believe in the power of perspectives. Diversity in backgrounds, experiences, skills and talent of our employees creates a rich pool of ideas and perspectives that makes us powerful and drives our success.

Based on our focus on diversity and our commitment to achieving *Excellence through People*, Eaton introduces Pratibha - the Eaton Excellence Award, a unique program that aims at encouraging multifaceted women engineering talent in India through educational scholarships at both undergraduate as well as post-graduate levels.

Pratibha – the Eaton Excellence Award is the first of its kind scholarship that aims to recognize exceptional women engineering students in leading engineering institutions in India, assessing them not only on academic excellence but also on the basis of their co-curricular achievements.

Eaton is a power management company with 2013 sales of \$22.0 billion. Eaton provides energy-efficient solutions that help our customers effectively manage electrical, hydraulic and mechanical power more efficiently, safely and sustainably. Eaton has approximately 102,000 employees and sells products to customers in more than 175 countries. For more information, visit www.eaton.com

Benefits of the Program

- A \$2500 (USD) per year scholarship for the 3rd and 4th year of your undergraduate program

Non Government Scholarship Program

College of Engineering, Pune offers a unique opportunity to all the needy students to get Non Governmental Scholarships extended with the support of various corporate organizations. Through these scholarship programs, full/partial financial support is provided to the selected students on merit and need basis.

The terms and conditions for these scholarships are laid down by the respective funding agency. The office of Dean, Student Affairs only coordinates these schemes abiding the rules and regulations.

Online applications are invited in the beginning of each academic year and upon scrutiny and verification the names of suitable candidates are communicated to the respective funding agency. Further, the agency may select the students directly or through the next round of selection process.
